About CAPS Independent Advocacy

CAPS is an independent advocacy organisation for people who use or have used mental health services. We are completely independent from the people who fund us and those who provide other services to the people we work with. We provide individual and collective advocacy in East Lothian and Midlothian. We also host several experience-led projects across Lothian.

Experience Required

We ask Exhibition Planning Group members to be willing to work as part of a team, to listen to others, and to aim to be non-judgmental.
