

Patient Transport Driver

Reference code: VO15817

St John Scotland works in partnership with the Scottish Ambulance Service and local NHS boards to provide Patient Transport. Safely transport patients from their home to the hospital, and back home again at a pre-arranged time. Liaise with coordinator and commit to regular shifts. (there are morning and afternoon shifts Monday-Saturday) You will not be required to actively help patients boarding and disembarking vehicles as all patients referred to the service are mobile.

About St John Scotland

St John Scotland was established in 1947. We support community health resilience to help improve the lives of people in need. With volunteers spread throughout Scotland, we work Nationally, to support communities to save lives through our core projects. CPR Awareness, PAD program, PT Transport driving and CFR
