About Chest Heart & Stroke Scotland

We are Scotland's health charity supporting people and their families across Scotland with Chest, Heart and Stroke conditions. We want to make sure people living with one of these conditions are living life to the full. We will advocate for better health for everyone and work to make sure there is help and support in every community. The care and support we deliver every day ensures everyone can live the life they want to. Across Scotland, over 1 million people are living with the effects of Chest, Heart and Stroke conditions.
