

Speaker Network Volunteer

Reference code: VO16911

WaterAid Speakers are trained volunteers that deliver inspiring talks and workshops, to raise awareness about the importance of clean water, decent toilets and good hygiene, to transform peoples' lives for good. As a WaterAid Speaker you will deliver at least four talks or workshops a year, either online and/or face to face. An interest in WaterAid's work, passion for public speaking, as well as competence in PowerPoint and email are all you need to get started as a Speaker.

About WaterAid

Clean water, decent toilets and good hygiene are basic human rights. They should be a normal part of daily life for everyone, everywhere – but they aren't. That's why we're here.

Experience Required

An interest in the work of WaterAid, including our key messages, appeals, campaigns, fundraising and volunteering. Passion and enthusiasm for public speaking and confidence to speak publicly to a diverse range of community groups.

Location/Travel Details

Venues are selected in response to local requests for talks, or by the volunteer if they arrange the talk. Talks and workshops are delivered either face to face or virtually using online tools such as Zoom or Microsoft teams. This means that there are opportunities all over Edinburgh and the surrounding areas.
