

Website Maintenance Volunteer

Reference code: VO16279

Scottish Communities Climate Action Network (SCCAN)'s purpose is to inspire and promote, connect and support community-led action in Scotland to address the Climate Emergency. Please see our website:

<https://www.scottishcommunitiescan.org.uk/> Would you like to help take climate action to the next level? We have a new volunteer role available with our communications working groups! You would be helping for a minimum of three hours per month, to maintain our website, which would include attending fortnightly team meetings. All of the work is online minimum commitment 3 hours per month.
